CAREER OBJECTIVE

Motivated Computer Science undergraduate specializing in AI and Machine Learning, seeking to apply analytical and data visualization skills gained through academic projects, certifications, and an ongoing internship in Big Data and Business Management.

EDUCATION

Integrated M.Sc. in Computer Science (AI and ML)

2025 - 2030

Bharata Mata College, Thrikkakara - Currently in 2nd Year

INTERNSHIP EXPERIENCE

Big Data and Business Management Intern - IBM

June 2026 - Present

Online Internship (6 Weeks, including 6 Masterclasses)

- Currently undergoing a structured virtual internship program covering Big Data concepts and business management applications.
- Attending live masterclasses led by IBM professionals to build foundational knowledge of data-driven decision making.

CERTIFICATIONS AND PROJECTS

Power BI Certification (30 Hours)

College Add-on Course, conducted by Cozmek pvt ltd

- Developed an interactive Flipkart Sales Analysis Dashboard visualizing total sales performance, monthly trends, category-wise quantity sold, product-wise revenue, payment methods, and customer ratings.
- Built an HR Data Analysis Dashboard translating workforce data into actionable visual insights on employee trends.

Python Programming Certification (3 Months): Grade: A+

LBS Centre for Science and Technology, kalamassery

- Completed an intensive pre-college certification course covering core Python programming concepts.

CONFERENCE PAPERS PRESENTED

"Role of AI in Indian Elections"

December 5-6, 2025

International Conference on Recent Trends in Artificial Intelligence

"Smart Refrigerator: Intelligent Detection of Food Spoilage Using Gas Sensors"

January 28-30, 2026

International Conference on Artificial Intelligence and Machine Learning

WORKSHOPS AND BOOTCAMPS

- Attended the "Data Mining" workshop at Tathva 2025, National Institute of Technology (NIT) Calicut (October 24-26, 2025).
- Participated in a one-day bootcamp, "Beyond the Prompt: Mastering the Art of Context Engineering," conducted by GDGC on campus.

TECHNICAL SKILLS

Programming Languages: Python, C, C++

Database: SQL

Data Visualization and Analytics: Power BI

Tools: VS Code, Power BI

LANGUAGES KNOWN

Malayalam, English, Hindi, Tamil

SOFT SKILLS

- Teamwork and Collaboration
- Coordination and Organization
- Time Management
- Leadership

EXTRACURRICULAR ACTIVITIES

- Participant, Google Developer Group on Campus (GDGC) events
